 - (ii) the most-favoured-nation applied rate of customs duty in effect on the day immediately preceding the date of entry into force of this Agreement.
- 3.
- (a) A Party may apply a bilateral safeguard measure only after an investigation has been carried out by the competent authorities of that Party in accordance with the same procedures as those provided for in Article 3 and subparagraph 2(c) of Article 4 of the Agreement on Safeguards in Annex 1A to the WTO Agreement (hereinafter referred to as “the Agreement on Safeguards”).
 - (b) The investigation referred to in subparagraph (a) shall in all cases be completed as early as possible and in no case later than one year from the date of initiation.
 - (c) In the investigation referred to in subparagraph (a) to determine whether increased imports of an originating good have caused or are threatening to cause serious injury to a domestic industry under the terms of this Article, the competent authorities of the Party who carry out the investigation shall evaluate all relevant factors of an objective and quantifiable nature having a bearing on the situation of that domestic industry, in particular, the rate and amount of the increase in imports of the originating good in absolute and relative terms, the share of the domestic market taken by the increased imports of the originating good, and the changes in the level of sales, production, productivity, capacity utilisation, profits and losses, and employment.
 - (d) The determination that increased imports of an originating good have caused or are threatening to cause serious injury to a domestic industry shall not be made unless the investigation referred to in subparagraph (a) demonstrates, on the basis of objective evidence, the existence of the causal link between increased imports of the originating good and serious injury or threat thereof. When factors other than the increased imports of the originating good are causing injury to the domestic industry at the same time, such injury shall not be attributed to the increased imports of the originating good.

4. The following conditions and limitations shall apply with regard to a bilateral safeguard measure:

- (a) A Party shall immediately deliver a written notice to the other Party upon:
 - (i) initiating an investigation referred to in subparagraph 3(a) relating to serious injury, or threat thereof, and the reasons for it; and
 - (ii) taking a decision to apply or extend a bilateral safeguard measure.
- (b) The Party making the written notice referred to in subparagraph (a) shall provide the other Party with all pertinent information, which shall include:
 - (i) in the written notice referred to in subparagraph (a)(i), the reason for the initiation of the investigation, a precise description of the originating good subject to the investigation and its subheading of the Harmonized System, the period subject to the investigation and the date of initiation of the investigation; and
 - (ii) in the written notice referred to in subparagraph (a)(ii), evidence of serious injury or threat thereof caused by the increased imports of the originating good, a precise description of the originating good subject to the proposed bilateral safeguard measure and its subheading of the Harmonized System, a precise description of the bilateral safeguard measure, and the proposed date of the introduction and expected duration of the bilateral safeguard measure.
- (c) A Party proposing to apply or extend a bilateral safeguard measure shall provide adequate opportunity for prior consultations with the other Party with a view to reviewing the information arising from the investigation referred to in subparagraph 3(a), exchanging views on the bilateral safeguard measure and reaching an agreement on compensation set out in paragraph 5.
- (d) No bilateral safeguard measure shall be maintained except to the extent and for such time as may be necessary to prevent or remedy serious injury and to facilitate adjustment, provided that such time shall not exceed a period of three years. However, in highly exceptional circumstances, a bilateral safeguard measure may be extended, provided that the total duration of the bilateral safeguard measure, including such extensions, shall not exceed five years. In order to facilitate adjustment in a situation where the expected duration of a bilateral safeguard

measure is over one year, the Party maintaining the bilateral safeguard measure shall progressively liberalise the bilateral safeguard measure at regular intervals during the period of application.

- (e) No bilateral safeguard measure shall be applied again to the import of a particular originating good which has been subject to such a bilateral safeguard measure, for a period of time equal to that during which such measure had been previously applied, provided that the period of non-application is at least one year.
 - (f) Upon the termination of a bilateral safeguard measure, the rate of customs duty for an originating good subject to the measure shall be the rate which would have been in effect but for the bilateral safeguard measure.
- 5.
- (a) A Party proposing to apply or extend a bilateral safeguard measure shall provide to the other Party mutually agreed adequate means of trade compensation in the form of concessions whose value is substantially equivalent to that of the additional customs duties expected to result from the bilateral safeguard measure.
 - (b) If the Parties are unable to agree on the compensation within 30 days after the commencement of the consultations pursuant to subparagraph 4(c), the Party against whose originating good the bilateral safeguard measure is applied shall be free to suspend the application of concessions under this Agreement, which are substantially equivalent to the bilateral safeguard measure. The Party exercising the right of suspension may suspend the application of concessions only for the minimum period necessary to achieve the substantially equivalent effects and only while the bilateral safeguard measure is maintained.
 - (c)
 - (i) The right to claim the trade compensation which is agreed on by the Parties under subparagraph (a) and the right of suspension provided for in subparagraph (b) shall not be exercised for the first two years that a bilateral safeguard measure is in effect, provided that the bilateral safeguard measure has been taken as a result of an absolute increase in imports and that such bilateral safeguard measure conforms to the provisions of this Article.
 - (ii) The two years period mentioned in subparagraph (i) may be extended by one year, provided that the Party applying the bilateral safeguard measure provides to the other Party, evidence that the bilateral safeguard measure continues to be necessary to prevent or remedy serious injury caused by an absolute increase in imports and that the industry concerned is adjusting.

6. Nothing in this Chapter shall prevent a Party from applying safeguard measures to an originating good of the other Party in accordance with:

(a) Article XIX of the GATT 1994 and the Agreement on Safeguards; or

(b) Article 5 of the Agreement on Agriculture.

7. Each Party shall ensure the consistent, impartial and reasonable administration of its laws and regulations relating to bilateral safeguard measures.

8. (a) In critical circumstances, where delay would cause damage which it would be difficult to repair, a Party may take a provisional bilateral safeguard measure, which shall take the form of the measure set out in subparagraph 2(a) or (b), pursuant to a preliminary determination that there is clear evidence that increased imports of an originating good of the other Party have caused or are threatening to cause serious injury to a domestic industry.

(b) A Party shall deliver a written notice to the other Party prior to applying a provisional bilateral safeguard measure. Consultations between the Parties on the application of the provisional bilateral safeguard measure shall be initiated immediately after the provisional bilateral safeguard measure is taken.

(c) The duration of a provisional bilateral safeguard measure shall not exceed 200 days. During that period, the pertinent requirements of paragraph 3 shall be met. The duration of the provisional bilateral safeguard measure shall be counted as a part of the period referred to in subparagraph 4(d).

(d) Subparagraph 4(f) and paragraph 7 shall be applied *mutatis mutandis* to a provisional bilateral safeguard measure. The customs duty imposed as a result of the provisional bilateral safeguard measure shall be refunded if the subsequent investigation referred to in subparagraph 3(a) does not determine that increased imports of an originating good of the other Party have caused or threatened to cause serious injury to a domestic industry.

9. A written notice referred to in subparagraphs 4(a) and 8(b) and any other communication between the Parties shall be done in the English language.

10. The Parties shall review the provisions of this Article, after 10 years of the date of entry into force of this Agreement, or earlier as may be agreed by the Parties.

Article 24
Anti-Dumping Investigation

When the authority of a Party competent for initiating investigation under Article 5 of the Agreement on Anti-Dumping received a written application by or on behalf of its domestic industry for the initiation of the investigation in respect of a good from the other Party, the former Party shall, at least 10 working days in advance of the initiation of such investigation, notify the other Party, and provide it with the full text, of such application. The other Party may inform the exporters, foreign producers and relevant trade associations known to the other Party of that notification and of the information included in that application. Due regard shall be paid to the requirement for the protection of confidential information, as provided for in paragraph 5 of Article 6 of the Agreement on Anti-Dumping.

Article 25
Restrictions to Safeguard the Balance of Payments

1. Nothing in this Chapter shall be construed to prevent a Party from taking any measure for balance-of-payments purposes. A Party taking such measure shall do so in accordance with the conditions established under Article XII of the GATT 1994 and the Understanding on the Balance-of-Payments Provisions of the General Agreement on Tariffs and Trade 1994 in Annex 1A to the WTO Agreement.
2. Nothing in this Chapter shall preclude the use by a Party of exchange controls or exchange restrictions in accordance with the Articles of Agreement of the International Monetary Fund.

- (a) the good has a qualifying value content, calculated using the formula set out in Article 30, of not less than 35 percent; and

Article 30
Calculation of Qualifying Value Content

1. For the purposes of calculating the qualifying value content of a good, one or the other of the following formulas shall be applied:

(a)

$$Q.V.C. = \frac{F.O.B. - V.N.M.}{F.O.B.} \times 100$$

F.O.B. is, except as provided for in paragraph 2, the free-on-board value of a good payable by the buyer of the good to the seller of the good, regardless of the mode of shipment, not including any internal excise taxes reduced, exempted, or repaid when the good is exported; and

V.N.M. is the value of non-originating materials used in the production of a good;

(b)

$$Q.V.C. = \frac{V.O.M. + \text{Direct Labour Cost} + \text{Direct Overhead Cost} + \text{Profit}}{F.O.B.} \times 100$$

Where:

V.O.M. is the value of originating material used in the production of the good.

Note: For the purpose of calculating the qualifying value content of a good, the Generally Accepted Accounting Principles in the exporting Party shall be applied.

2. F.O.B. referred to in paragraph 1 shall be the value:
 - (a) adjusted to the first ascertainable price paid for a good from the buyer to the producer of the good, if there is free-on-board value of the good, but it is unknown and cannot be ascertained; or
 - (b) determined in accordance with Articles 1 through 8 of the Agreement on Customs Valuation, if there is no free-on-board value of a good.

3. For the purposes of paragraph 1, the value of a material used in a production of a good in a Party:

- (b) shall be the first ascertainable price paid for the material in the Party, but may exclude all the costs incurred in the Party in transporting the material from the warehouse of the supplier of the material to the place where the producer is located such as freight, insurance and packing as well as any other known and ascertainable cost incurred in the Party.

Note: For the purposes of this paragraph, the term “CIF value” means the customs value of the imported good in accordance with the Agreement on Customs Valuation and includes freight and insurance where appropriate, packing and all other costs incurred in transporting the material to the importation port in the Party where the producer of the good is located.

4. For the purposes of subparagraph 2(b) or 3(a), in applying the Agreement on Customs Valuation to determine the value of a good or non-originating material, the Agreement on Customs Valuation shall apply *mutatis mutandis* to domestic transactions or to the cases where there is no domestic transaction of the good or non-originating material.

Article 31 Accumulation

For the purposes of determining whether a good qualifies as an originating good of a Party, an originating good of the other Party which is used as a material in the production of the good in the former Party may be considered as an originating material of the former Party, provided that such good has undergone its last production process in the former Party which goes beyond the operations provided for in Article 33.

Article 32
De Minimis

Non-originating materials used in the production of a good that do not satisfy an applicable rule for the good shall be disregarded, provided that the totality of such materials does not exceed specific percentages in value or weight of the good. Such percentages shall be:

Note 1: For the purposes of this Article, the term “value of the good” means the free-on-board value of the good referred to in paragraph 1 of Article 30 or the value set out in paragraph 2 of that Article.

Note 2: For the purposes of this Article, “Harmonized System” is that on which the product specific rules set out in Annex 2 are based.

Note 3: This Article shall not be applied in calculating the qualifying value content set out in Article 30.

Article 33
Non-Qualifying Operations

A good shall not be considered to be an originating good of the exporting Party merely by reason of having undergone the following:

- (b) changes of packaging and breaking up and assembly of packages;

Note: For the purposes of this Article, an operation is described as “simple” if neither special skills nor machines, apparatus or equipment especially produced or installed for carrying it out are needed.

Article 34 Consignment Criteria

1. An originating good of the other Party shall be deemed to meet the consignment criteria when it is:

- (a) transported directly from the other Party; or
- (b) transported through one or more non-Parties for the purpose of transit or temporary storage in warehouses in such non-Parties, provided that it

does not undergo operations other than unloading, reloading and any other operation to preserve it in good condition.

2. If an originating good of the other Party does not meet the consignment criteria referred to in paragraph 1, the good shall not be considered as an originating good of the other Party.

Article 35 Unassembled or Disassembled Goods

Where a good satisfies the requirements of the relevant provisions of Articles 27 through 33 and is imported into a Party from the other Party in an unassembled or disassembled form but is classified as an assembled good pursuant to Rule 2(a) of the General Rules for the Interpretation of the Harmonized System, such a good shall be considered as an originating good of the other Party.

Article 36 Fungible Goods and Materials

1. For the purposes of determining whether a good qualifies as an originating good of a Party, where fungible originating materials of the Party and fungible non-originating materials that are mixed in an inventory are used in the production of the good, the origin of the materials may be determined pursuant to an inventory management method under the Generally Accepted Accounting Principles in the Party.

2. Where fungible originating goods of a Party and fungible non-originating goods are mixed in an inventory and, prior to exportation do not undergo any production process or any operation in the Party where they were mixed other than unloading, reloading or any other operation to preserve them in good condition, the origin of the good may be determined pursuant to an inventory management method under the Generally Accepted Accounting Principles in the Party.

Article 37 Indirect Materials

Indirect materials shall be, without regard to where they are produced, considered to be originating materials of a Party where the good is produced.

Article 38
Accessories, Spare Parts, Tools and Instructional
or Other Information Materials

1. In determining whether all the non-originating materials used in the production of a good undergo the applicable change in tariff classification or a specific manufacturing or processing operation, accessories, spare parts, tools and instructional or other information materials delivered with the good that form part of the good's standard accessories, spare parts, tools and instructional or other information materials, shall be disregarded, provided that:

- (a) the accessories, spare parts, tools and instructional or other information materials are not invoiced separately from the good, without regard to whether they are separately described in the invoice; and
- (b) the quantities and value of the accessories, spare parts, tools and instructional or other information materials are customary for the good.

2. If a good is subject to a qualifying value content requirement, the value of the accessories, spare parts, tools and instructional or other information materials shall be taken into account as the value of originating or non-originating materials, as the case may be, in calculating the qualifying value content of the good.

Article 39
Packing and Packaging Materials and Containers

1. Packing materials and containers for shipment that are used to protect a good during transportation shall not be taken into account in determining whether the good qualifies as an originating good of a Party.

2. With respect to packaging materials and containers that are used for retail sale of a good:

- (a) such packaging materials and containers shall be disregarded in determining whether the good qualifies as an originating good of a Party, if they are classified with the good pursuant to Rule 5 of the General Rules for the Interpretation of the Harmonized System; and
- (b) if the good is subject to a qualifying value content requirement, the value of such packaging materials and containers shall be taken into account as the value of originating materials of a Party where the good is produced or non-originating materials, as the case may be, in calculating the qualifying value content of the good.

Article 40
Operational Certification Procedures

The operational certification procedures set out in Annex 3 shall apply with respect to procedures regarding certificate of origin and related matters.

Such goods shall be imported for a specific purpose, and shall be intended for re-exportation within a specified period and without having undergone any change except normal depreciation due to the use made of them.

Article 47 Advance Rulings

Where a written application is made in accordance with relevant laws or procedures adopted or maintained by the importing Party and the importing Party has no reasonable grounds to deny the issuance, the importing Party shall endeavour to, prior to the importation of the good, issue a written advance ruling concerning the tariff classification, the customs valuation and the origin of the good, as well as the qualification of the good as an originating good of the exporting Party under the provisions of Chapter 3.

Note: The sole fact of requiring a visa for natural persons of a certain nationality or citizenship and not for those of others shall not be regarded as nullifying or impairing benefits under a specific commitment.
5. Annex 4 provides supplementary provisions to this Chapter on financial services, including scope and definitions.

6. Annex 5 provides supplementary provisions to this Chapter on telecommunications services, including scope and definitions.

Article 59 Market Access

1. With respect to market access through the modes of supply defined in subparagraph (m) of Article 58, each Party shall accord services and service suppliers of the other Party treatment no less favourable than that provided for under the terms, limitations and conditions agreed and specified in its Schedule of Specific Commitments in Annex 6.

Note: If a Party undertakes a market-access commitment in relation to the supply of a service through the mode of supply referred to in subparagraph (m)(i) of Article 58 and if the cross-border movement of capital is an essential part of the service itself, that Party is thereby committed to allow such movement of capital. If a Party undertakes a market-access commitment in relation to the supply of a service through the mode of supply referred to in subparagraph (m)(iii) of Article 58, it is thereby committed to allow related transfers of capital into its Area.

2. In sectors where market-access commitments are undertaken, the measures which a Party shall not maintain or adopt either on the basis of a regional subdivision or on the basis of its entire Area, unless otherwise specified in its Schedule of Specific Commitments in Annex 6, are defined as:

- (a) limitations on the number of service suppliers whether in the form of numerical quotas, monopolies, exclusive service suppliers or the requirements of an economic needs test;
- (b) limitations on the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;
- (c) limitations on the total number of service operations or on the total quantity of service output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test;

Note: This subparagraph does not cover measures of a Party which limit inputs for the supply of services.

- (f) limitations on the participation of foreign capital in terms of maximum percentage limit on foreign shareholding or the total value of individual or aggregate foreign investment.

3. Each Party shall endeavour to reduce the requirements for a service supplier of the other Party to establish or maintain a representative office or any form of enterprise or to be resident in its Area, as a condition for the cross-border supply of a service.

Article 60 National Treatment

1. In the sectors inscribed in its Schedule of Specific Commitments in Annex 6, and subject to any conditions and qualifications set out therein, each Party shall accord to services and service suppliers of the other Party, in respect of all measures affecting the supply of services, treatment no less favourable than that it accords to its own like services and service suppliers.

Note: Specific commitments assumed under this Article shall not be construed to require either Party to compensate for any inherent competitive disadvantages which result from the foreign character of the relevant services or service suppliers.

2. A Party may meet the requirement of paragraph 1 by according to services and service suppliers of the other Party, either formally identical treatment or formally different treatment to that it accords to its own like services and service suppliers.

3. Formally identical or formally different treatment shall be considered to be less favourable if it modifies the conditions of competition in favour of services or service suppliers of a Party compared to like services or service suppliers of the other Party.

4. A Party shall not invoke the preceding paragraphs under Chapter 14 with respect to a measure of the other Party that falls within the scope of an international agreement between them relating to the avoidance of double taxation.

Article 61 Additional Commitments

The Parties may negotiate commitments with respect to measures affecting trade in services not subject to scheduling under Articles 59 and 60, including those regarding qualifications, standards or licensing matters. Such commitments shall be inscribed in a Party's Schedule of Specific Commitments in Annex 6.

Article 62 Schedule of Specific Commitments

1. With respect to sectors or sub-sectors where specific commitments are undertaken by each Party, its Schedule of Specific Commitments in Annex 6 shall specify:

- (a) terms, limitations and conditions on market access;
- (b) conditions and qualifications on national treatment;
- (c) undertakings relating to additional commitments; and
- (d) where appropriate, the time-frame for implementation of such commitments.

2. Measures inconsistent with both Articles 59 and 60 shall be inscribed in the column relating to Article 59. This inscription will be considered to provide a condition or qualification to Article 60 as well.

Article 63
Most-Favoured-Nation Treatment

If, after this Agreement enters into force, a Party enters into any agreement on trade in services with a non-Party, it shall consider a request by the other Party for the incorporation in this Agreement of treatment no less favourable than that provided under the former agreement. Any such incorporation should maintain the overall balance of commitments undertaken by each Party under this Agreement.

Article 64
Domestic Regulation

1. In the sectors inscribed in its Schedule of Specific Commitments in Annex 6, each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected service supplier of the other Party, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. The provisions of paragraph 2 shall not be construed to require a Party to institute such tribunals or procedures where this would be inconsistent with its constitutional structure or the nature of its legal system.

4. Where authorisation is required for the supply of a service on which a specific commitment has been made, the competent authorities of a Party shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.

5. The Parties shall jointly discuss disciplines on domestic regulation including measures relating to qualification requirements and procedures, technical standards and licensing requirements developed pursuant to paragraph 4 of Article VI of the GATS, with a view to incorporating such disciplines into this Chapter and thereby ensuring that such domestic regulation does not constitute unnecessary barriers to trade in services. The Parties note that such disciplines aim to ensure that such requirements are *inter alia*:

- (a) based on objective and transparent criteria, such as competence and the ability to supply the service;

- (b) not more burdensome than necessary to ensure the quality of the service; and
- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

6. Pending the incorporation of disciplines developed under the GATS as referred to in paragraph 5, in the sectors inscribed in its Schedule of Specific Commitments in Annex 6 and subject to any terms, limitations, conditions or qualifications set out therein, each Party shall not apply licensing and qualification requirements and technical standards that nullify or impair its specific commitments in a manner which:

- (a) does not comply with the criteria outlined in subparagraph (a), (b) or (c) of paragraph 5; and
- (b) could not reasonably have been expected of that Party at the time the specific commitments in those sectors were made.

7. In determining whether a Party is in conformity with the obligation under paragraph 6, account shall be taken of international standards of relevant international organisations applied by that Party.

Note: The term “relevant international organisations” refers to international bodies whose membership is open to the relevant bodies of the Parties.

8. In sectors where specific commitments regarding professional services are undertaken, each Party shall provide for adequate procedures to verify the competence of professionals of the other Party.

Article 65 Recognition

1. For the purposes of the fulfilment, in whole or in part, of its standards or criteria for the authorisation, licensing or certification of service suppliers, a Party may recognise the education or experience obtained, requirements met, or licences or certifications granted in the other Party.

2. The Parties shall enter into negotiations regarding the possibility of recognition of the education or experience obtained, requirements met, or licences or certifications granted on specific services sectors with a view to reaching a conclusion within three years after the entry into force of this Agreement.

3. Upon request being made in writing by a Party to the other Party, the Parties shall encourage that their respective professional bodies in any regulated service sector

negotiate and conclude, within 12 months, any arrangement for mutual recognition of education or experience obtained, requirements met, or licences or certifications granted in that service sector, with a view to the achievement of early outcomes. Any delay or failure by these professional bodies to reach and conclude agreement on the details of such arrangements shall not be regarded as a breach of a Party's obligations under this paragraph and shall not be subject to Chapter 14. Progress in this regard shall be periodically reviewed by the Parties in the Joint Committee established under Article 14.

4. Where a Party recognises, by agreement or arrangement, the education or experience obtained, requirements met or licences or certifications granted in any non-Party, the Party shall afford the other Party, upon request, adequate opportunity to negotiate its accession to such an agreement or arrangement or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford the other Party adequate opportunity to demonstrate that the education or experience obtained, requirements met or licences or certifications granted in the other Party should also be recognised.

Article 66 Transparency

1. The competent authorities referred to in paragraph 2 of Article 4 shall, upon request by the other Party or service suppliers of the other Party, promptly respond to specific questions from, and provide information to, the other Party or the service suppliers with respect to matters referred to in Article 4, including requirements and procedures for licensing and qualification, through enquiry points. The enquiry points shall be notified to the other Party by diplomatic note on the date of entry into force of this Agreement.

2. Each Party shall endeavour to prepare, forward to the other Party and make public a list providing all existing measures, within the scope of this Chapter, at the central governmental level, and governmental level of states and Union territories in the case of India and prefectural governmental level in the case of Japan, which are inconsistent with Articles 59 and/or 60, whether or not these measures are included in its Schedule of Specific Commitments in Annex 6. The list shall include the following elements and shall be reviewed annually and revised as necessary:

- (a) sector and sub-sector or matter;
- (b) type of inconsistency (i.e. Market Access and/or National Treatment);
- (c) legal source or authority of the measure; and
- (d) succinct description of the measure.

Note: The list under this paragraph will be made solely for the purposes of transparency, and shall not be construed to affect any rights and obligations of a Party under this Chapter. The Parties understand that the list as required in this paragraph shall be prepared if possible within five years after the entry into force of this Agreement.

3. The dispute settlement procedures provided for in Chapter 14 shall not apply to disputes arising out of paragraphs 1 and 2.

Article 67 Monopolies and Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its Area does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with the Party's commitments under this Chapter.

2. Where a Party's monopoly supplier of a service competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's specific commitments, the Party shall ensure that such a supplier does not abuse its monopoly position to act in the Area of the Party in a manner inconsistent with such commitments.

3. If a Party has a reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraph 1 or 2, the Party may request the other Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations.

4. The provisions of this Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:

- (a) authorises or establishes a small number of service suppliers; and
- (b) substantially prevents competition among those suppliers in its Area.

Article 68 Payments and Transfers

1. Except under the circumstances envisaged in Article 69, a Party shall not apply restrictions on international transfers and payments for current transactions relating to its specific commitments.

2. Nothing in this Chapter shall affect the rights and obligations of the Parties as members of the International Monetary Fund under the Articles of Agreement of the International Monetary Fund, including the use of exchange actions which are in

conformity with the Articles of Agreement of the International Monetary Fund, provided that a Party shall not impose restrictions on any capital transactions inconsistently with its specific commitments under this Chapter regarding such transactions, except under Article 69, or at the request of the International Monetary Fund.

Article 69
Restrictions to Safeguard the Balance of Payments

1. In the event of serious balance-of-payments and external financial difficulties or threat thereof, a Party may adopt or maintain restrictions on trade in services on which it has undertaken specific commitments, including on payments or transfers for transactions relating to such commitments. It is recognised that particular pressure on the balance of payments of a Party in the process of economic development may necessitate the use of restrictions to ensure, *inter alia*, the maintenance of a level of financial reserves adequate for the implementation of its programme of economic development.

2. The restrictions referred to in paragraph 1:

- (a) shall be applied by a Party on a national treatment basis and such that the other Party is treated no less favourably than any non-Party;
- (b) shall be consistent with the Articles of Agreement of the International Monetary Fund;
- (c) shall avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
- (d) shall not exceed those necessary to deal with the circumstances described in paragraph 1; and
- (e) shall be temporary and be phased out progressively as the situation specified in paragraph 1 improves.

3. In determining the incidence of such restrictions, a Party may give priority to the supply of services which are more essential to its economic or development programmes. However, such restrictions shall not be adopted or maintained for the purposes of protecting a particular service sector.

4. Any restrictions adopted or maintained under paragraph 1, or any changes therein, shall be promptly notified to the other Party.

Article 70
Subsidies

1. Each Party shall review the treatment of subsidies related to trade in services taking into account the development of the multilateral disciplines pursuant to paragraph 1 of Article XV of the GATS.
2. In the event that either Party considers that its interests have been adversely affected by a subsidy of the other Party, the Parties shall, upon request by the former Party, enter into consultations with a view to resolving the matter.
3. During the consultations referred to in paragraph 2, the Party granting a subsidy shall, if it deems fit, consider a request of the other Party for information relating to the subsidy programme such as:
 - (a) domestic laws and regulations under which the subsidy is granted;
 - (b) form of the subsidy (e.g. grant, loan, tax concession);
 - (c) policy objective and/or purpose of the subsidy;
 - (d) dates and duration of the subsidy and any other time limits attached to it; and
 - (e) eligibility requirements of the subsidy including those with respect to potential beneficiaries.
4. The dispute settlement procedures provided for in Chapter 14 shall not apply to this Article.

Article 71
Review of Commitments

1. The Parties shall review commitments on trade in services with the first review within three years from the date of entry into force of this Agreement, with the aim of improving the overall commitments undertaken by the Parties under this Agreement.
2. In reviewing the commitments in accordance with paragraph 1, the Parties shall take into account paragraph 1 of Article IV of the GATS.

Article 72
Sub-Committee on Trade in Services

1. For the purposes of the effective implementation and operation of this Chapter, a Sub-Committee on Trade in Services (hereinafter referred to in this Article as “the Sub-Committee”) shall be established on the date of entry into force of this Agreement.
2. The functions of the Sub-Committee shall be:
 - (a) reviewing the implementation and operation of this Chapter;

 - (e) carrying out other functions which may be delegated by the Joint Committee pursuant to Article 14.

Chapter 7 Movement of Natural Persons

1. This Chapter reflects the preferential trading relationship between the Parties, the mutual desire of the Parties to facilitate entry and temporary stay of natural persons on a comparable basis and to establish transparent criteria and procedures for entry and temporary stay, and the need to ensure border security in each Party.

2. Each Party shall apply its measures relating to the provisions of this Chapter in accordance with paragraph 1, and, in particular, shall apply expeditiously those measures so as to avoid unduly impairing or delaying trade in goods or services or investment activities under this Agreement.

Article 74 Scope

1. This Chapter shall apply to measures affecting the movement of natural persons of a Party who enter the other Party and fall under one of the categories referred to in Annex 7.

2. This Chapter shall not apply to measures affecting natural persons of a Party seeking access to the employment market of the other Party, nor shall it apply to measures regarding nationality or citizenship, or residence or employment on a permanent basis.

3. This Chapter shall not prevent a Party from applying measures to regulate the entry of natural persons of the other Party into, or their temporary stay in, the former Party, including those measures necessary to protect the territorial integrity and to ensure the orderly movement of natural persons across its borders, provided that such measures are not applied in such a manner so as to nullify or impair the benefits accruing to the other Party under the terms of specific commitments.

Note: The sole fact of requiring a visa for natural persons of the other Party and not for those of non-Parties shall not be regarded as nullifying or impairing benefits under specific commitments set out in Annex 7.

Article 75
Definition

For the purposes of this Chapter, the term “natural persons of a Party” means natural persons who under the law of the Party:

- (a) in respect of India, are citizens of India; and
- (b) in respect of Japan, are nationals of Japan.

Article 76
Specific Commitments

1. Each Party shall grant entry and temporary stay to natural persons of the other Party in accordance with this Chapter including the terms and conditions for each category set out in Annex 7, provided that the natural persons comply with the immigration laws and regulations applicable to entry and temporary stay which are not inconsistent with the provisions of this Chapter.

2. Neither Party shall impose or maintain any limitations on the total number of visas to be granted in the Parties to natural persons of the other Party under paragraph 1, unless otherwise specified in Annex 7.

Article 77
Regulatory Transparency

1. Each Party shall maintain or establish appropriate mechanisms to respond to inquiries from interested persons of the other Party regarding regulations affecting entry and temporary stay of natural persons of the other Party. Such inquiries may include those on special difficulties which natural persons of the other Party encounter in the process of seeking entry into and temporary stay in the former Party.

2. To the extent possible, each Party shall allow reasonable time between the date of the publication through electronic or other means of regulations affecting the entry and temporary stay of natural persons of the other Party and their effective date.

3. On the date of entry into force of this Agreement, each Party shall exchange information on procedures relating to the processing of applications for entry and temporary stay which exist at that date. Each Party shall also, without undue delay, provide the other Party updates of information on procedures relating to the processing of applications for entry and temporary stay.

4. Each Party shall notify natural persons of the other Party, regarding the application for entry and temporary stay, either directly or through their prospective

employers, of its final determination, including the period of temporary stay and conditions thereof.

5. Each Party shall endeavour, to the maximum extent possible, to take measures to simplify the requirements and to facilitate and expedite the procedures relating to the movement of natural persons of the other Party within the framework of its laws and regulations.

Article 78
General Principles for Grant of Entry
and Temporary Stay and Related Issues

1. Each Party shall process without delay applications for entry and temporary stay from natural persons of the other Party, including requests for further extensions of the temporary stay.

2. The Parties shall hold consultations on the feasibility of concluding a social security agreement. After such consultations, the Parties shall enter into negotiations in order to complete the consultations and negotiations within 36 months after the commencement of the consultations or the date of entry into force of this Agreement, whichever comes earlier.

Article 79
Accompanying Spouse and Dependent

Each Party shall ensure that spouse or dependent who accompanies a natural person of the other Party granted entry and temporary stay pursuant to paragraph 1 of Article 76 shall be allowed to work through change of the status of residence, provided that such spouse or dependent fulfils requirements under its laws and regulations. The Parties agree that spouse or dependent shall not be barred from working solely on the ground that he or she has accompanied a natural person of the other Party.

Note: For the purposes of this Article, the term “spouse” or “dependent” means spouse or dependent recognised as such in accordance with the laws and regulations of the other Party.

Article 80
Dispute Settlement

1. The dispute settlement procedures provided for in Chapter 14 shall not apply to this Chapter unless:

- (a) the matter involves a pattern of practice; and

- (b) the natural persons of a Party affected by that matter have exhausted the available domestic administrative remedies of the other Party.

2. The remedies referred to in subparagraph 1(b) shall be deemed to be exhausted if a final determination in the matter has not been issued by the competent authority of the other Party within one year after the date of the institution of the administrative remedy, and the failure to issue such a determination is not attributable to the delay caused by the natural person.

Article 81 Reservations

The commitments made by each Party under this Chapter shall be subject to any terms, limitations, conditions and qualifications which the Party specified in its Schedule of Specific Commitments in Annex 6.

Article 82 Further Negotiations

The Parties shall, after the date of entry into force of this Agreement, enter into negotiations in accordance with Annex 7.

Such compensation shall be effectively realisable and freely transferable and shall be freely convertible, at the market exchange rate prevailing on the date of expropriation, into the currency of the Party of the investors concerned and freely usable currencies.

and an Investor of the Other Party

1. For the purposes of this Chapter, an “investment dispute” is a dispute between a Party and an investor of the other Party that has incurred loss or damage by reason of, or arising out of, an alleged breach of any obligation under this Chapter and other provisions of this Agreement as applicable with respect to the investor and its investments.
2. Nothing in this Article shall be construed so as to prevent an investor who is a party to an investment dispute (hereinafter referred to in this Article as “disputing investor”) from seeking settlement by domestic administrative or judicial fora of the Party that is the other party to the investment dispute (hereinafter referred to in this Article as “disputing Party”). However, in the event that the disputing investor has submitted the investment dispute for resolution under one of the international conciliations or arbitrations referred to in paragraph 4, no proceedings may be initiated by the disputing investor for the resolution of the investment dispute before courts of justice or administrative tribunals or agencies.

3. An investment dispute shall, as far as possible, be settled amicably through consultations or negotiations between the disputing investor and the disputing Party (hereinafter referred to in this Article as “the disputing parties”).

4. If the investment dispute cannot be settled through such consultation or negotiation within six months from the date on which the disputing investor requested for the consultation or negotiation in writing, the disputing investor may submit the investment dispute to one of the following international conciliations or arbitrations:

- (a) conciliation or arbitration in accordance with the Convention on the Settlement of Investment Dispute between States and Nationals of Other States (hereinafter referred to as “the ICSID Convention”), so long as the ICSID Convention is in force between the Parties;

No investment dispute may be submitted to international conciliation or arbitration referred to in paragraph 4 if the disputing investor has initiated any proceedings for the resolution of the investment dispute before courts of justice or administrative tribunals or agencies. However, in the event that those proceedings are withdrawn within 30 days from the date of filing the case, the disputing investor may submit the investment dispute to such international conciliations or arbitrations.

7. The disputing investor who intends to submit the investment dispute to conciliation or arbitration pursuant to paragraph 4 shall give to the disputing Party written notice of intent to do so at least 90 days before the investment dispute is submitted. The notice of intent shall specify:

 - (ii) Article II of the New York Convention for an agreement in writing.

9. Notwithstanding paragraph 8, no investment dispute may be submitted to conciliation or arbitration set forth in paragraph 4, if more than three years have elapsed since the date on which the disputing investor acquired or should have first acquired, whichever is the earlier, the knowledge that the disputing investor had incurred loss or damage referred to in paragraph 1.

10. Notwithstanding paragraph 6, the disputing investor may initiate or continue an action that seeks interim injunctive relief not involving the payment of damages or resolution in substance of the dispute before an administrative tribunal or agency or a court of justice under the law of the disputing Party.

11. Unless the disputing parties agree otherwise, an arbitral tribunal established under paragraph 4 shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties. If the disputing investor or the disputing Party fails to appoint an arbitrator or arbitrators within 60 days from the date on which the investment dispute was submitted to arbitration, the Secretary-General of the International Centre for Settlement of Investment Disputes in the case of arbitration referred to in subparagraph 4 (a) or (b), or the Secretary-General of the Permanent Court of Arbitration, at The Hague in the case of arbitration referred to in subparagraph 4 (c) or (d), may be requested by either of the disputing parties, to appoint the arbitrator or arbitrators not yet appointed, subject to the requirements of paragraph 12.

16. On written notice to the disputing parties, the Party which is not the disputing Party may make submission to the arbitral tribunal on a question of interpretation of this Chapter and other provisions of this Agreement as applicable.

17. The arbitral tribunal may order an interim measure of protection to preserve the rights of the disputing investor, or to facilitate the conduct of arbitral proceedings, including an order to preserve evidence in the possession or control of either of the disputing parties. The arbitral tribunal shall not order attachment or enjoin the application of the measure alleged to constitute a breach referred to in paragraph 1.

18. The award rendered by the arbitral tribunal shall include:

- (a) a decision whether or not there has been a breach by the disputing Party of any obligation under this Chapter and other provisions of this Agreement as applicable with respect to the disputing investor and its investments, together with the basis and the reasons for such decision; and
- (b) a remedy if there has been such breach. The remedy shall be limited to one or both of the following:
 - (i) payment of monetary damages and applicable interest; and
 - (ii) restitution of property, in which case the award shall provide that the disputing Party may pay monetary damages and any

applicable interest in lieu of restitution. Costs may also be awarded in accordance with the applicable arbitration rules.

Note: For the purposes of this paragraph, it is understood that where the disputing Party asserts as a defence that the measure alleged to constitute a breach referred to in paragraph 1 is within the scope of a security exception as set out in Article 11, the arbitral tribunal shall not review the merits of any such measure in its award. However, the arbitral tribunal shall not be prevented from assessing the remedy referred to in subparagraph (b) in the light of the treatment as set out in paragraph 1 of Article 93 for any loss or damage relating to the investments caused by the measure in question.

19. The award rendered in accordance with paragraph 18 shall be final and binding upon the disputing parties. The disputing Party shall carry out without delay the provisions of the award and provide in its Area for the enforcement of the award in accordance with its relevant laws and regulations.

20. Neither Party shall give diplomatic protection, or bring an international claim, in respect of an investment dispute which the other Party and an investor of the former Party have consented to submit or submitted to arbitration set forth in paragraph 4, unless the other Party has failed to abide by and comply with the award rendered in such investment dispute. Diplomatic protection, for the purposes of this paragraph, shall not include informal diplomatic exchanges for the sole purpose of facilitating a settlement of the investment dispute.

21. An arbitral tribunal shall address and decide as a preliminary question any objection by the disputing Party that the investment dispute is not within the competence of the arbitral tribunal, provided that the disputing Party so requests immediately after the establishment of the arbitral tribunal.

7. If the Party complained against considers that the requirements for the suspension of the application to it of concessions or other obligations under this Agreement by the complaining Party set out in paragraph 3, 5 or 6 have not been met, it may request consultations with the complaining Party. The complaining Party shall enter into consultations within 10 days after the date of receipt of the request. If the Parties fail to resolve the matter within 30 days after the date of receipt of the request for consultations pursuant to this paragraph, the Party complained against may refer the matter to an arbitral tribunal.

This obligation shall be applied, *inter alia*, through paragraphs 2 through 6.

2. Each Party shall ensure that service suppliers of the other Party have access to and use of any public telecommunications transport networks or services offered through suppliers of public telecommunications transport networks or services of the former Party, within or across the border of the former Party, including private leased circuits, and to this end shall ensure, subject to paragraphs 5 and 6, that such service suppliers are permitted:

- (a) to purchase or lease and attach terminal or other equipment which interfaces with the public telecommunications transport network and which is necessary to supply a supplier's services;
- (b) to interconnect private leased or owned circuits with public telecommunications transport networks and services or with circuits leased or owned by another service supplier;

- (c) to use operating protocols of the service supplier's choice in the supply of any service, other than as necessary to ensure the availability of telecommunications transport networks and services to the public generally; and
- (d) to provide services to users over any leased or owned circuit(s) to the extent that the scope and type of such services are consistent with the laws and regulations of the Party.

3. Each Party shall ensure that service suppliers of the other Party may use public telecommunications transport networks and services for the movement of information within and across borders, including for intra-corporate communications of such service suppliers, and for access to information contained in data bases or otherwise stored in machine-readable form in the Party.

4. Notwithstanding paragraph 3, a Party may take such measures as are necessary to ensure the security and confidentiality of messages or to protect the personal data of users, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination or a disguised restriction on trade in services.

5. Each Party shall ensure that no condition is imposed on access to and use of public telecommunications transport networks and services other than as necessary:

- (a) to safeguard the public service responsibilities of suppliers of public telecommunications transport networks or services, in particular their ability to make their networks or services available to the public generally;
- (b) to protect the technical integrity of public telecommunications transport networks or services;
- (c) to ensure that service suppliers of the other Party do not supply services unless permitted pursuant to commitments in the former Party's Schedule of Specific Commitments in Annex 6; or
- (d) to ensure that such access to and use of public telecommunications transport networks and services shall not constitute a security and safety hazard and is not in contravention of any statute, rule or regulation, including those related to public policy of the Party, which are publicly available and applied without discrimination on the suppliers and users of services of similar categories.

6. Provided that they satisfy the criteria set out in paragraph 5, conditions for access to and use of public telecommunications transport networks and services may include:

- (a) restrictions on resale or shared use of public telephone services;
- (b) a requirement to use specified technical interfaces, including interface protocols, for the interconnection with such networks and services;
- (c) requirements, where necessary, for the inter-operability of such services;
- (d) type approval of terminal or other equipment which interfaces with the network and technical requirements relating to the attachment of such equipment to such networks;
- (e) restrictions on interconnection of private leased or owned circuits with such networks or services or with circuits leased or owned by another service supplier; or
- (f) notification, registration and licensing.

7. Notwithstanding the preceding paragraphs, each Party may, consistent with its level of development, place reasonable conditions on access to and use of public telecommunications transport networks and services necessary to strengthen its domestic telecommunications infrastructure and service capacity and to increase its participation in international trade in telecommunications services. Such conditions shall be specified in each Party's Schedule of Specific Commitments in Annex 6.

Section 4 Interconnection to be Ensured

Each Party shall ensure interconnection between a supplier of public telecommunications transport networks and any other suppliers of public telecommunications transport networks or services to the extent provided for in its laws and regulations.

Section 5 Mobile Number Portability

Each Party shall endeavour to encourage that suppliers of public telecommunications transport networks or services in its Area provide number portability for mobile services designated by that Party, to the extent technically feasible, on a timely basis and on reasonable terms and conditions.

Section 6 Resale

Each Party shall ensure that suppliers of public telecommunications transport networks or services in its Area do not impose unfair or discriminatory conditions or limitations on the provision of the resale services by suppliers of public telecommunications transport networks or services of the other Party.

Note: For India, this Section shall only apply to the IPLC (international private leased circuits) services.

Section 7 Treatment by Major Suppliers

1. Each Party shall ensure that any major supplier in its Area accords suppliers of public telecommunications transport networks or services of the other Party treatment no less favourable than such major supplier accords in like circumstances to itself, its subsidiaries, its affiliates, or any non-affiliated service supplier regarding:

- (a) the availability, provisioning, rates, or quality of like public telecommunications transport networks or services; and
- (b) the availability of technical interfaces necessary for interconnection.

Note: This paragraph is applied only to major suppliers that have control over essential facilities.

2. Each Party shall monitor or assess such treatment referred to in paragraph 1 on the basis of whether such suppliers of public telecommunications transport networks or services, their subsidiaries, their affiliates, and non-affiliated service suppliers are in like circumstances.

Section 8 Competitive Safeguards

1. Each Party shall, through its relevant authorities, maintain appropriate measures for the purpose of preventing a major supplier from engaging in or continuing anti-competitive practices.

2. For the purposes of paragraph 1, anti-competitive practices shall include:

- (a) using information obtained from competitors with anti-competitive results; and

- (b) not making available to suppliers of public telecommunications transport networks or services, on a timely basis technical information about essential facilities and commercially relevant information which are necessary for them to provide services.

Section 9
Interconnection with Major Suppliers

1. Each Party shall ensure that a major supplier in its Area provides interconnection with suppliers of public telecommunications transport networks or services of the other Party at any specified technically and commercially feasible point in the network. Such interconnection is provided:

- (a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates and of a quality no less favourable than that provided for its own like services or for like services of non-affiliated suppliers of public telecommunications transport networks or services or of its subsidiaries or other affiliates;

Note: With regard to “rates” in this subparagraph, it is understood that interconnection rates are commercially or economically negotiated between suppliers of public telecommunications transport networks or services subject to the laws and regulations of each Party consistent with subparagraph (b).

- (b) in a timely fashion, on terms, conditions (including technical standards and specifications) and cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, in a way that the service supplier need not pay for network components or facilities that it does not require for the services to be provided; and

Note: The Parties understand that timeliness may vary from case to case, depending upon the complexity of each interconnection negotiation, which may be affected by a range of factors. However, interconnection shall not be delayed without justifiable reasons.

- (c) upon request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities and mutually agreed terms and conditions.

2. Each Party shall endeavour to require the major suppliers in its Area to provide suppliers of public telecommunications transport networks or services of the other

Party, interconnection with the major suppliers' unbundled network components or facilities for the provision of public telecommunications transport networks or services.

3. Implementation of the provisions of paragraph 2 may be determined by each Party, depending upon the state of market conditions in the relevant markets as assessed by the Party in its Area.

4. Nothing in the preceding paragraphs shall prevent either Party from taking such measures as are necessary to protect the security of the networks in its Area subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination or a disguised restriction on trade in services.

5. It shall be ensured that a major supplier is required to allow other suppliers of public telecommunications transport networks or services who interconnect with the major supplier:

- (a) to locate their equipment which is essential for interconnection at premises owned by the major supplier; or
- (b) to install their cables and lines which are essential for interconnection at premises, conduits, cable tunnels or telephone poles, owned by the major supplier,

where physically feasible and where no practical or viable alternatives exist, in order to interconnect smoothly with the essential facilities of the major supplier.

6. It shall be ensured that major suppliers are required to provide a reference interconnection offer for approval by the relevant regulatory authorities.

7. Each Party shall ensure that suppliers of public telecommunications transport networks or services of the other Party may interconnect their facilities and equipment with those of major suppliers in its Area on the basis of:

- (a) a reference interconnection offer containing the rates, terms, and conditions that the major supplier offers generally to suppliers of public telecommunications transport networks or services; or
- (b) the terms and conditions of an interconnection agreement.

8. Paragraphs 1, 2 and 5 through 7 are applied only to major suppliers that have control over essential facilities.

9. The procedures applicable for interconnection to a major supplier will be made publicly available.

10. It is ensured that a major supplier will make publicly available either its interconnection agreements or a reference interconnection offer.

11. A supplier of public telecommunications transport networks or services of a Party requesting interconnection with a major supplier in the Area of the other Party shall have recourse, either:

(a) at any time; or

(b) after a reasonable period of time which has been made publicly known,

to an independent domestic body in that other Party, which may be a telecommunications regulatory body or dispute resolution body as referred to in Section 15, to resolve disputes regarding appropriate terms, conditions and rates for interconnection within a reasonable period of time, to the extent that these have not been established previously.

Section 10 Provisioning of Leased Circuit Services

1. Each Party shall endeavour to encourage that a major supplier in its Area provides suppliers of public telecommunications transport networks or services of the other Party with leased circuit services that are public telecommunications transport services on terms and conditions, and at rates, that are not unduly unfavourable or disadvantageous.

2. Paragraph 1 shall be applied only to major suppliers that have control over essential facilities.

Section 11 Universal Service

Each Party shall administer any universal service obligation that it defines and maintains in a transparent, non-discriminatory, and competitively neutral manner and shall ensure that its universal service obligation is not more burdensome than necessary for the kind of universal service that it has defined.

Section 12 Public Availability of Licensing Criteria

1. Where a licence is required for the supply of a telecommunications service, a Party shall make publicly available:

- (a) all the licensing criteria and the period of time normally required to reach a decision concerning an application for a licence; and
 - (b) the terms and conditions of individual licences.
2. The reasons for denial of a licence shall be made known to the applicant upon request.

Section 13 Independent Regulatory and Dispute Resolution Body

1. Each Party shall ensure that its telecommunications regulatory body and dispute resolution body are separate from, and not accountable to, any supplier of public telecommunications transport networks or services.
2. Each Party shall ensure that the decisions of, and the procedures used by, its telecommunications regulatory body and dispute resolution body are impartial with respect to all market participants.

Section 14 Allocation and Use of Scarce Resources

1. Each Party shall administer its procedures for the allocation and use of scarce telecommunications resources, including frequencies, numbers and rights of way, in an objective, timely, transparent and non-discriminatory manner.
2. Each Party shall make publicly available the current state of allocated frequency bands but shall not be required to provide detailed identification of frequencies allocated for specific government uses.
3. The Parties understand that measures regarding the allocation and assignment of spectrum and frequency management are not measures that are *per se* inconsistent with Article 59. Accordingly, each Party retains the right to exercise its spectrum and frequency management policies, which may affect the number of suppliers of public telecommunications transport networks or services, provided that it does so in a manner that is consistent with this Agreement. Each Party also retains the right to allocate frequency bands taking into account current and future needs.

Section 15 Dispute Settlement and Appeal

1. Each Party shall ensure that suppliers of public telecommunications transport networks or services of the other Party have timely recourse to its telecommunications

regulatory body or dispute resolution body to resolve disputes in accordance with the laws and regulations of the former Party.

2. Each Party shall ensure, to the extent provided for in its laws and regulations that any supplier of public telecommunications transport networks or services aggrieved by the determination or decision of the relevant telecommunications regulatory body or dispute resolution body may petition that body for reconsideration of that determination or decision. Neither Party may permit such a petition to constitute grounds for non-compliance with such determination or decision of the said body unless an appropriate authority suspends, withdraws or stays such determination or decision.

3. Each party shall ensure that any supplier of public telecommunications transport networks or services aggrieved by a determination or decision of the relevant telecommunications regulatory body has the opportunity to appeal such determination or decision to an independent judicial or administrative authority.

Section 16 Transparency

Each Party shall ensure that relevant information on conditions affecting access to and use of public telecommunications transport networks and services is publicly available, including:

- (a) tariffs and other terms and conditions of service;
- (b) specifications of technical interfaces with such networks and services;
- (c) information on bodies responsible for the preparation and adoption of standards affecting such access and use;
- (d) conditions applying to attachment of terminal or other equipment; and
- (e) notifications, registration or licensing requirements, if any.

Section 17 Unsolicited Commercial E-mail

1. Each Party may take appropriate and necessary measures to regulate unsolicited commercial e-mail for advertising purposes in accordance with its laws and regulations.

2. Each Party shall endeavour to provide the other Party with information, including its related laws, regulations and best practices, in relation to the fight against unsolicited commercial e-mail for advertising purposes.

Part 1
Explanatory Notes

1. Alphabets indicated against individual sectors or sub-sectors and numbers in brackets are references to the Services Sectoral Classification List (GATT Document MTN.GNS/W/120, dated July 10, 1991) and the Provisional Central Product Classification (Statistical Papers Series M No. 77, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 1991) (hereinafter referred to in this Annex as “CPC”). These alphabetical and numerical divisions are indicated to enhance the clarity in the description of specific commitments, but shall not be construed as being a part of the specific commitments.
2. The scheduling of specific commitments follows the Guidelines for the Scheduling of Specific Commitments (WTO Document S/L/92, dated March 28, 2001). The Guidelines shall not, however, be construed as being legally binding.
3. The modes of supply 1), 2), 3) and 4) indicated in the Schedules of Specific Commitments of the Parties correspond respectively to the supply of services defined in subparagraphs (m)(i), (ii), (iii) and (iv) of Article 58.
4. The entry “Unbound*” means unbound due to lack of technical feasibility.
5. The use of “**” against individual CPC codes indicates that the specific commitment for that code does not extend to the total range of services covered under that code.

1. “International Transport (Freight and Passenger)”, for the purpose of this schedule, is to mean transportation of international Maritime Freight and Passengers by sea going vessels from the port of loading in one country to the port of discharge in another country.
2. Cabotage: This Schedule does not include any commitments on “Cabotage” or “Maritime Transport Services” which are described as transportation of passengers or goods between any port located in India and any other port also located in India and traffic originating and terminating in the same port located in the country and further includes transportation of passengers or goods between a port located in India and installation and structures situated on the continental shelf of India.
3. Offshore Transport: for the purposes of the schedule only, “Offshore Transport” refers to shipping services involving the transportation of passengers or goods between a port located in India and any location installation or structure associated with or incidental to the exploration or exploitation of natural resources of the continental shelf of India, the sea-bed of the Indian coastal seas and the subsoil of the sea-bed, or situated on the continental shelf of India.
4. “Other forms of Commercial Presence for the supply of International Transport Services” means ability for International Maritime Transport Service suppliers to undertake local activities which are necessary for the supply to their customers of a partially or fully integrated transport service, within which maritime transport constitutes a substantial element.

These activities include, but are not limited to:

- b. acquisition on their own account or on behalf of their customers (and the resale to their customers) for any transport and related services, including anchorage, berth and berth services, and inward transport services by any mode, particularly road and rail, inland waterways, necessary for the supply of the integrated services;

Annex 10
Referred to in Chapter 8

Expropriation

The Parties confirm their shared understanding on paragraph 1 of Article 92 as follows:

Any measure tantamount to expropriation or nationalisation is an action or a series of actions by a Party that has an effect equivalent to direct expropriation without formal transfer of title or outright seizure (hereinafter referred to as “indirect expropriation”). The determination of whether an action or a series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation requires a case-by-case, fact-based inquiry that considers, among other factors:

- (a) the economic impact of the government action, although the fact that such action has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;
- (b) the extent to which the government action interferes with distinct, reasonable expectations arising out of investment;
- (c) the character of the government action, including whether such action is non-discriminatory; and
- (d) the objectives of the government action, including whether such action is taken for legitimate public objectives such as protecting the public welfare, safety and health, and protecting and preserving the environment.
